BCA - Percentage - 76.48%

Mandsaur, India

### Govt. H.S. School Khadawada

2020

12th - Percentage - 84%

Mandsaur, India

## PROJECTS :

---

### Pet Shop | HTML, CSS, JavaScript

**Overview:** A pet shop specializing in dog food products like "Fish Delights" and "Meat Delights," enabling users to browse, view details, and purchase pet food. Displayed a variety of pet food products with pricing, images, and purchase options.

**Technologies Used:** HTML, CSS, JavaScript with a focus on responsive design.

### On Road Vehicle Breakdown Assistance | HTML, CSS, Php, MySQL

- In an existing system there are users who have their own mechanic database which is very minimal. And also, they have no idea if their vehicles are broke down or had any mechanical issue in remote locations or any long distant locations from their known mechanic shops. Users with the contacts of people at the particular place may look for a help from them only if they are ready to do.
- It is not possible to find out the suitable mechanic for the desired service at remote locations. The only way they have is to look for any other transportation at the time of issue and then they need to get a mechanic to the particular location at which they have left their vehicle.

## TECHNICAL SKILLS :

---

### Full Stack Developer

**Languages:** Java, HTML, CSS, MySQL
